Fremont, Nov. 28th, 1851.				

WELSH AND CONSIDER.

DR. HALL'S BALSAM is no **FARGEO** preparation, but a **Medicine WHICH MAKES CURES** at home, where the patient can be found.

The Great Cough and Consumptive Tendency.

READER! Have you a Cough, which you are neglecting, under the idea that it is only a common cold, and that it will pass off? It may be a fatal disease. Let a friend tell you, in all kindness, what will soon be the **Sole** result.

In a short time, if you continue to neglect yourself, you will not only feel a sense of tightness and oppression across the chest, accompanied with frequent sharp darting pains. Then a dry hacking cough will set in, and when you raise anything you will expectorate, or white frothy mucus, then, streaked, perhaps, with blood. If you still take no medicine, these unpleasant symptoms will increase, and you will soon have a hectic fever, cold sweat, and night sweats, and expectoration, and then great prostration. If you still neglect yourself, a few weeks or months will see you consigned to the grave, leaving your friends to mourn how you will neglect to take care of it, and hurried you away. Friend, have you no cause to be alarmed! In the above sketch, you may see, as in a glass, how every case of Consumption progresses, with more or less rapidity, to a fatal termination. Of all the thousands and tens of thousands, the great Destroyer has gathered in the tomb, every single case began with a cold. If this had been attended to, all might have been well; but being neglected, under the fatal delusion that it was only a "cold," it transferred its deadly action to the substance of the lung, exciting there the formation of tubercles. Another, and another cold added fuel to the flame, until these tubercles began to soften and contract, leaving by their action, a cavity, or cavity in the lungs. At this crisis, the disease is difficult to cure, and oftentimes sets at defiance all human means.

In the latter or worst stage, this medicine will oftentimes arrest the disease, or check its progress, and will always make the patient more comfortable and prolong his life; and it is therefore worthy of trial; but in its incipient or former periods, Consumption is as curable as any other disease, and DR. HALL'S BALSAM is almost sure to cure it, if taken at this time, will cure it **IF ASSURELY AS IT IS TAKEN!** This is strong language, but we can refer you to numberless living witnesses who prove that it is true. It cures the most recently exulted every man, woman and child, who has a cough, or is subject to colds, to keep the medicine by you in the house, and whenever you are seized with a cold, or feel any oppression in your system, but eradicate it thoroughly, and at once, by this powerfully healing compound, and leave your lungs unimpaired, to carry you unimpeded to a good old age.

Read testimony of R. MURFORD, Esq., one of the oldest Magistrates in this city:

Cincinnati, Dec. 1, 1851.

Messrs. O. R. Baker & Co., Dear Sirs:—Those afflicted with disease of the Lungs, will find Dr. Hall's Balsam for the Lungs a most VALUABLE Medicine. I have been frequently attacked with DISEASES OF THE LUNGS for the last five years, and DR. HALL'S BALSAM has almost always cured me. I MAKE AT ONCE. I feel that the public should know the merits of such a remedy.

RICHARD MURFORD,
Residence on Plum, three doors above sixth st.

More Cincinnati Cures!

Cincinnati, July 1st, 1851.

Messrs. O. R. Baker & Co.,—Dear Sirs: I have lately used your medicine, and my name is now attached to a perfect medicine. But when I think (as I now have every reason to believe) it has saved my life, I am induced by a sense of duty to those afflicted as I have been, to make my case known, and refer to it as a cure. I have been long and fully relied on. About a year since, I was attacked with Lung Fever, which left my lungs much diseased; my cough was distressing, attended with much phlegm, and I used Dr. Hall's Balsam of Wild Cherry night and day, and after several concluded to try it. I used bottle after bottle, which in taste and in its operation resembled Fargoe's, soothing temporarily. My disease had by this time become firmly seated, and soon I began to feel the Fever, swelling of the Limbs, &c., showing **CONFIRMED CONSUMPTION!** The remedies I obtained from my Physicians all failed giving me no relief. I then used your medicine, and after taking it and I raised LARGE QUANTITIES OF MATTER from them. The Doctor told my friends that I must die. My brother then got a bottle of Dr. Hall's Balsam, and I used it, and after taking it I found it went to the spot the **VERMILION** OF MY DISEASE. I began to raise, with more ease, and could feel, daily that my Lungs were healing, until the use of four bottles, I was enabled to get better health than I had enjoyed for years. I believe if I had used Dr. Hall's Balsam when I was first attacked it would have saved me a vast deal of suffering. Am I not cured? I feel confident that I think you will be benefited if your friends in your lungs. Yours respectfully,

J. C. WILLARD.

Three doors above Sixth St.

The public have been imposed upon by remedies recommended by certificates which have always originated from some unknown source. We believe that a Medicine possessing real merits will effect cures wherever it is used, at home as well as abroad. This is no Fargoe's preparation, but one which if used in season will save the lives of thousands; and persons may make this bargain with the use of the patient himself. I have seen many cases where it is used freely according to directions, and entire satisfaction is not given in 24 or 48 hours they can return the medicine, and their Money will be cheerfully refunded.
